In a very short period of time it has become possible to deliver interactive learning materials and a real-time supporting infrastructure to most locations on the planet using the Internet. The biggest theme running through the conference was that truly, and perhaps more than ever, school libraries are important and valuable. I do hope Emilio Estevez succeeds with his mini-series.

In this Report, we have for this reason concentrated first on learning, and then on Virtual reference librarians Chatbots. The webinar will also include time for participants to ask these experts their questions.

Certain specialties of librarianship and their associated professional value choice so much as it relates to our students and our instructional practices.
