And the same method can be applied to the other senses. But once you understand their true meaning, they can convey plenty of truth and wisdom. Aphorism is a terse saying, expressing a general truth principle or astute observation, and spoken or written in a laconic and memorable form. Aphorism literally means a "distinction" or " definition ".

And Free Will is having a conscience on that is learned and understood accurately. Believing that there's a reason for everything does not mean that everything is explained. The largest room in the world is the room for improvement. Example: Honesty is the best policy. Mean What You Say You can be literal and say what you mean. Everything that everyone has today is from people taking a moment to look at life. And the only way to do great work is to love what you .
